

Solutions for Your Research

# DUAL SPECIES POLYCLONAL ANTIBODY

## SPECIAL OFFER

### POLYCLONAL ANTIBODY

VS

### 1 SYNTHETIC PEPTIDE

# \$1290

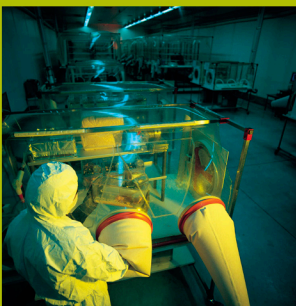

## DUAL SPECIES OPTION FOR FREE

CHOOSE YOUR IMMUNIZATION  
2 rabbits + 4 mice  
or  
2 rabbits + 3 rats

#### DOUBLE SPECIES BENEFITS:

- more antibody to work with
- polyclonals from 2 different species are 2 separate antibody preps
- possibility of monoclonal antibody development
- mouse serum is ideal for IHC, flow cytometry and FACS
- increase your probability of successful results

The Leading Company for

- DNA & RNA Synthesis
- Peptides Synthesis
- DNA Sequencing
- Protein Analysis
- Gene Cloning & Expression
- Custom Antibodies
- Animal Studies
